## PROFESSIONAL EXPERIENCE

Internal Communications Officer, Oando Energy Resources | Lagos, Nigeria

Nov 2025 – Present

- Leading internal communications delivery and coordinate the team across concurrent requests, managing briefs, priorities, reviews and approvals against departmental SLAs (85% SLA completion rate, with process improvements underway toward 100%).
- Run the creative briefing process from intake to execution, translating business objectives, audience needs and desired outcomes into clear briefs for designers and delivery partners.
- Conceptualise and deliver employee engagement campaigns (Medical, EHS and global commemorations) across six office and field/flow-station locations, achieving 70–85% participation across selected initiatives for a workforce of 2,061 employees (March 2026).
- Led a month-long Women's Month campaign spotlighting women across office and field locations through employee stories, strengthening visibility, recognition and belonging.
- Managed an approximately ₦13M Employee Appreciation Day budget: secured funding with Finance and department management, coordinated 10 vendors and aligned stakeholders across six locations, reaching 2,061 employees.

- Reduced EOY Field Gifting delivery time by 93% (approximately 15x faster) by running a post-implementation review, identifying process gaps, risks and dependencies, and introducing a RACI matrix and task-based delivery plan.
- Led project coordination and leadership communications for the General Managers' Retreat, managing stakeholder requirements, vendor engagement and timelines.
- Manage end-to-end production of leadership storytelling content, from concept and interview planning through filming, review, approval and publication.
- Develop management presentations for proposed initiatives, using employee insights and benchmarking against global brands and leading oil and gas companies' digital and social communications.
- Produce monthly and quarterly Internal Communications and Employee Engagement reports and post-engagement reviews capturing employee feedback, learnings and recommendations.
- Develop internal and public-facing creative assets that the Digital team cascades across social channels, keeping employee communications consistent with the external brand.

Communications and Culture Manager, Centric AI | Atlanta, Georgia, USA

Jul 2024 – Oct 2025

- Increased employee engagement from 21% to 54% within four months through targeted communications, team-building activities and employee-focused programming.
- Delivered engagement programmes across Lagos, Nairobi, Kigali, Johannesburg, Dar es Salaam, Berlin and the United States, achieving a 2x improvement in cross-regional engagement.
- Managed four end-to-end events across four countries, coordinating technical workshops, partnerships, executive engagements and cross-functional stakeholders.
- Developed a World Environment Day initiative combining an employee neighbourhood walk, community waste-separation activities and the launch of an AI wind-analysis model, linking participation to the company's technology and sustainability narrative.
- Led internal and external communications aligned to company culture, business priorities and product positioning across distributed teams and markets.

Internal Communications Analyst, Flutterwave | Lagos, Nigeria | Jul 2021 – Jul 2024

- Managed internal communications across multiple countries and continents, coordinating employee messaging and engagement initiatives to improve alignment and connection.
- Led weekly company-wide town halls reaching 800+ employees, with 700+ attendees and participation rising to 90%.
- Launched bi-monthly internal newsletters and published 48+ editions with a 75% average open rate.
- Led multi-country engagement initiatives, including public-school tree planting (74% participation) and a Sports Day volunteering initiative (83% participation).
- Delivered Africa Day programming celebrating African heritage, including runway shows, language exchange and African music activities.
- Ideated and launched a storytelling campaign profiling 120 Graduate Trainees over their one-year programme, in partnership with the Talent and People teams; it generated approximately 2,500 YouTube views and positive feedback from at least 65% of employees in the post-launch survey.

Project Manager, E-Tech Construction | Lagos, Nigeria 2020 – 2021

- Managed architectural projects from briefing and planning through design development, site coordination and handover, balancing timelines, quality and stakeholder requirements.
- Coordinated multidisciplinary teams, consultants, contractors and clients, and led client presentations that translated technical information into clear communication.

Project Analyst and Corporate Communications Support, Bior Jag & Associates | Lagos
2019 – 2020

- Supported architectural project workflows while coordinating competing deadlines, client requirements and multidisciplinary stakeholders.
- Supported corporate communications through client presentations, media releases and thought-leadership content.
